Scenario 3. There is no full text online, but you can get the article in print in the library stacks.

Step 1. Click the "Find it @ Emory" button
Step 2. In the box that opens, it will say no full text is available. Click the "GO" button next to "Check for item in discoverE"

Scenario 3. There is no full text online, but you can get the article in print in the library stacks.
Step 3. In discoverE, click the "Locations/Call Number" tab, and then the "View all items" if necessary.

Scenario 3. There is no full text online, but you can get the article in print in the library stacks.
Step 4: See if the volume you need is there, and get the call number to find that volume in the library Stacks.

The citation in the database said the article was in: Eurasian Geography & Economics. Nov/Dec 2010, Vol. 51 Issue 6, p733-743. 11p. So we are looking for Volume 51.

Scenario 3. There is no full text online, but you can get the article in print in the library stacks.
